

ToP Secrets of Implementation – 2 day workshop

Sustaining a plan, once it has been implemented, can be challenging. Sometimes staying on track is difficult, especially when new people are introduced after the plan is developed. This course is designed to help you keep plans and projects alive, relevant, doable and achievable.

Outcomes

- **Understand** and anticipate the ups and down of implementing strategies
- **Initiate** dynamic plans and bring them to concrete conclusions
- **Sustain** momentum to bring the plans to implementation
- **Review** and reposition projects that are in process
- **Bring** closure to plans and celebrate the team's work

Day One

Morning – Getting Started

Interactive Conversation: Introductions

Phase Overview: Launching the Implementation Journey
